Core HR services

Are these HR challenges **holding your business back?**

You focus on growing your business. We handle your people.

“I can't find good employees.”

We source, screen and shortlist from our own candidate database as well as the job portals, so you only meet people worth interviewing.

“My HR person is not handling compliance properly.”

We take over PF, ESIC, PT, registers and returns, and keep your records ready for an audit.

“Payroll errors are creating problems.”

Payroll with statutory deductions, payslips and reports - calculated correctly the first time.

“I don't want to hire a full-time HR manager.”

Get an experienced HR team on your side, without the cost of building one in-house.

“I received a labour department notice.”

We explain what the notice asks for and help you prepare the records to reply. If a case needs a lawyer, we will tell you honestly.

“I need 20 people immediately.”

Bulk and mass hiring, plus contract and temporary staffing, for volume roles.

“My employee attrition is too high.”

Our HR managers monitor satisfaction and working conditions to reduce avoidable attrition.

No matter the size of your business, **we make HR simple, efficient and stress-free.**

Everything your business **needs in HR.**
